

**INFECTION PREVENTION WORKSHOPS  
FOR RESIDENTIAL CLEANING & LAUNDRY SERVICES STAFF  
ADELAIDE, WEDNESDAY 1 AUGUST 2012 12.30PM – 5.00PM**

These workshops are designed for staff working in the residential care setting who are responsible for the delivery of cleaning and laundry services. The workshops are a must attend for cleaning staff, laundry staff, hospitality supervisors and managers. The aim of the workshops is to equip those responsible for the delivery of these services with the knowledge to apply the principles of infection prevention and control in the workplace.

**WORKSHOP 1: INFECTION PREVENTION & CONTROL FOR CLEANING SERVICES STAFF  
12.30PM – 3.00PM**

**Learning Outcomes:**

- Understand the chain of infection model and its application to cleaning
- Apply a risk management approach to cleaning the residential care environment
- Describe the why, where, when and how of cleaning
- Discuss new cleaning technologies
- Identify 6 cleaning principles
- State key safety and health measures

**WORKSHOP 2: INFECTION PREVENTION AND CONTROL FOR LAUNDRY SERVICES STAFF  
3.30PM – 5.00PM**

**Learning Outcomes:**

- List the 6 links in the chain of infection and apply to the laundry environment
- Identify laundry practice and related standards
- Describe safe linen handling and laundering work practices
- State key safety and health protection measures

**EDUCATOR:**

The workshops will be presented by well-known Infection Prevention Consultant Megan Reilly. Megan is a registered general nurse with a Certificate in Infection Control obtained from Fremantle Hospital (1988). She obtained her Bachelor of Nursing at Edith Cowan University in 1999 and Masters in Health Science (Infection Control) at Griffith University in 2002 with first class honors. In addition, Megan has a Certificate IV in Assessment and Workplace Training, Immunisation Competency Certificate and is a credentialed infection control professional (CICP). Megan has 23 years' experience working in the area of infection prevention and control in the acute, community, residential and office-based practice health care setting. Her business Hands-On Infection Control provides a variety of infection prevention consultancy, education and immunisation services to corporate, health and human service organisations in Western Australia, Queensland, South Australia, New South Wales, Victoria and the ACT.
